Keynote speech of Timo Pesonen, Director-General of the Defence Industry and Space. Timo Pesonen will give a presentation on the new regulation on “Security Measures for Europe” (SAFE)

The new EU SAFE (Security Action For Europe) regulation aims to strengthen the European defense industry by providing financial support to member states that need to make urgent and substantial investments in defense capabilities. It is an emergency instrument that provides loans of €150 billion to strengthen the European defense base, known as EDTIB, and increase defense readiness.

Online participation
is possible.

SAFE is part of the plan to rearm Europe (“ReArm Europe”) and strengthen defense readiness by 2030.

The regulation is aimed at EU member states that are making significant investments in their defense capabilities. It also offers advantages for small and medium-sized enterprises (SMEs) within the European defense industry by opening up opportunities for them to participate in procurement projects.
